- Agile Software Development
- Mobile Application Design and Development
- Building Control System Cybersecurity Risk Management

With our diverse portfolio of service offerings, large pool of talented professionals, and an established record of success, NIKA is the total solution for governments and commercial businesses.

Clients Working Together

NIKA has a significant portfolio of past performance working with all levels of government and industry.

Leadership Team **A Track Record of Success**

NIKA's leadership team has a proven reputation for unparalleled experience and knowledge. With diverse capabilities and a deep talent pool, we go beyond A/E to provide full-service solutions and valuable business advice.

About **Kabir Chaudhary**

Chief Executive Officer and President Kabir Chaudhary is an energetic, forward-thinking leader whose vision, drive, and passion for business are the fuel that have helped catapult NIKA to success in only a few short years. Kabir is responsible for overseeing all business units and guiding the strategic direction of the firm through management of the executive leadership team. Furthermore, his involvement in the NIKA's business development and marketing efforts has led to substantial revenue growth for the firm.

Throughout his career at NIKA, Kabir has worked in and significantly improved nearly every operational department, including business development, accounting, human resources and marketing. His ability to rapidly decode and master the U.S. government's contracting process was instrumental in NIKA's expansion from small business to a world-class service provider working with a diverse set of clients across the globe.

Kabir is a native Washingtonian who graduated from the University of Maryland with an undergraduate degree in economics and earned an Executive MBA from Harvard Business School. Kabir was recognized as one of the top 100 CEOs in Washington by *SmartCEO Magazine* and named an Ernst & Young Entrepreneur of the Year Award Finalist for 2016.
