

Samuel Flanigan Senior Data Analyst

Education:

St. Peter's College at the University
of Oxford
BS, Mathematics

Johns Hopkins University
MS in progress, Applied Economics

As a senior data analyst in NIKA's Enterprise Technologies group, Samuel Flanigan specializes in data analysis and statistics related to mission-critical facilities, buildings and equipment. He provides government agencies with actionable intelligence that includes data reports, custom dashboards, data analysis, and statistical analysis. Sam's clients rely on his unique ability to present complex data in a way that is easily understood by non-technical constituents.

Sam earned a bachelor's degree in mathematics from St. Peter's College at the University of Oxford in England and is currently working towards completion of a master's degree in applied economics at Johns Hopkins University.
